

Aprilaire®

**Aprilaire AA4200 and AA4400 Air Cleaners
have been added to the Aireco product line!**

Features:

- **Collapsible media with automatic pleat spacing installs in seconds and has MERV 13 rating, which means media is excellent at removing even the smallest micron-sized particles.**
 - Superior at removing more particles *throughout every room of the home.*
- **Equipped with the industry's only patented Air Cleaner Control, which allows homeowners to actively control the blower.**
 - Can be installed either on the unit or in the living space for greater visibility and control.
 - Indicates when air cleaner is running, monitors fan run time and alerts when filter needs replaced, gives customers active control of air cleaner based on personal preference and event triggers.

The Aprilaire 4000 series media air cleaner combines whole-home efficiency with the convenience of visible, active control!
